5652.204-9003 Disclosure of Unclassified Information and Notification Requirements for Cyber Security Breaches (2013)

(a) On September 21, 2001, the Department of Defense designated Headquarters US Special Operations Command (USSOCOM) a sensitive unit, as defined by Title 10 United States Code (USC) Section 130b (10 USC 130b). In keeping with this designation, unclassified information related to USSOCOM military technology acquisitions managed by USSOCOM or any of its component commands, will be designated Controlled Unclassified Information (CUI). As such, the contractor hereby unequivocally agrees that it shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document, contractor's external website, newspaper, magazine, journal, corporate annual report, etc.), pertaining to any part of this contract or any program related to this contract, unless the Contracting Officer has given prior written approval. Furthermore, any release of information which associates USSOCOM, Special Operation Forces (SOF), or any component command with an acquisition program, contractor, or this contract is prohibited unless specifically authorized by USSOCOM.

(b) Request for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The contractor shall submit the request to the Contracting Officer at

least 45 days before the propose date for release for approval. No release of any restricted information shall be made without specific written authorization by the Contracting Office.

(c) The protection of sensitive but unclassified data reflecting Special Operations technologies, personnel, plans, and business associations requires due diligence on the part of those in possession of such information. The application of appropriate security measures to ensure the safekeeping of USSOCOM and company proprietary data, intellectual property, and personnel data is the responsibility of all parties who have access to such information. All contractors supporting USSOCOM are required to inform the Contracting Officer within three business days of when there has been a breach or successful penetration of the contractor's network(s) or information system(s). Breaches include unauthorized intrusions of the contractor's server(s) from external parties whether through introduction of malware, hacking, the compromise of access passwords, or any other unauthorized access or compromise. Breaches also include the physical loss of storage media such and disks, hard drives, thumb drives, laptops or other devices which contain duplicates of information contained on the contractor's data systems, or the willful or accidental transmission, copying or posting of contract information which has not been specifically authorized by the Contracting Officer. Estimates of damage and mitigation strategies will be submitted to the Contracting Officer within a period following the breach specified and agreed upon by the Contractor and the Contracting Officer.

(d) The Contractor shall include a similar requirement to this clause in each subcontract under this contract. Subcontractors shall submit request for authorization to release and notifications related to cyber security breaches through the prime contractor to the Contracting Officer.

(e) The Contractor further understands that Title 18 USC Section 701 specifically prohibits the use of the USSOCOM emblem or logo in any medium (e.g., corporate website, marketing brochure, news paper, magazine, etc.) unless authorized in writing by USSOCOM.
