NON-DISCLOSURE TERMS

As a Vendor to Thales Defense & Security, Inc. (TDSI), the Parties may exchange proprietary and/or confidential Information (PI) including, but not limited to, inventions (whether or not patentable or reduced to practice), trade secrets, techniques, processes, procedures, test criteria, concepts and designs (including without limitation sketches, drawings and models), know-how, algorithms and models, computer software (whether in source or object code form), Interface Control Documents (ICDs) and documentation related thereto, research, experimental and development work and results therefrom, design details and specifications, technical data, customer information, plant tour and business or financial information, including without limitation information related to future business plans, customer solicitations, and initiatives, sources of material and supply and other sensitive business information. Sharing PI may occur pre-award or post-award of a Purchase Order from TDSI. PI shall only be used for purposes related to performance under a resultant Purchase Order. Neither Party shall reproduce, disseminate or disclose PI except in connection with performance of any resultant Purchase Order and only with prior approval of the Party whose PI is being used. Obligations to protect PI continue in perpetuity or shall expire in accordance with the terms of the associated, or resultant, Purchase Order. Each Purchase Order shall contain, as part of its Terms and Conditions, nondisclosure language, including obligations of the Parties, specific to that Order. By becoming a Vendor/Supplier to TDSI, you agree to protect all TDSI Information in accordance with the terms of this form.

I certify that the above information is correct to the best of my knowledge & agree with the Non-Disclosure terms.
